Sharing Innovation in Transport between Europe and Singapore

Why International Cooperation

- Global challenges: sustainable development, urbanisation, climate change, energy consumption...
- Innovative solutions developed in different regions;
- To learn from each other to maximise benefits from outcomes of scientific research.

Viajeo Plus

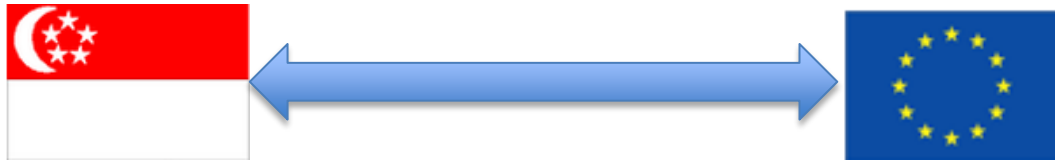

- Best Practice Collection
- Knowledge Transfer & Experience Sharing
- Capacity Building
- Identification of Mutual Interests

- Collecting best practices
- Developing executive plans
- Reviewing current policy and R&D trends
- Developing recommendations for future cooperation

- Innovative showcases in Gothenburg, Chengdu, Rio/Sao Paulo and Singapore;
- Fora and workshops;
- Site visits
- Webinars;
- Conferences, papers, website and social media

Identified priorities from European side

- Big data & smart nation;
- Vehicle automation;
- Internet of Things or Physical Internet
- Deployment of electric vehicles;

Objectives of this event

- Knowledge exchange and experience sharing between Singapore and Europe on innovative and efficient urban mobility solutions;
- Giving first hand experiences of achievements of Singapore's sustainable urban mobility to European stakeholders;
- Identifying future cooperation priorities;
- Facilitating future cooperation activities, e.g. cross-region pilots.
